Noah.Whiffen@keyin.com | 1 (709) 766-2195 | Mount Pearl, NL | Portfolio: [noahwhiffen.dev](https://noahwhiffen.dev) | LinkedIn: [noahwhiffen.com](https://www.linkedin.com/in/noahwhiffen/)

## SUMMARY

Junior Software Developer with hands-on experience building REST APIs and full-stack applications using Java, Spring Boot, React, and SQL. I am seeking a Junior Developer role where I can contribute to reliable backend services and scalable applications.

## EDUCATION

<b>Keyin College</b>	<b>Aug 2025</b>
Software Developer (Honours Diploma)	St Johns, NL
<b>Relevant Coursework:</b> Advanced Programming, Algorithms & Data Structures, Database Programming & Data Processing, Full-Stack JavaScript, Cloud Computing (AWS), DevOps, Software Design/Architecture & Testing	

## CERTIFICATIONS

AWS Cloud Computing, AWS Cloud Architecting, Front-End Development, Back-End Development, DevOps & Software Design

## TECHNICAL SKILLS

**Languages:** Java, Python, JavaScript, TypeScript, HTML/CSS

**Frameworks:** Spring Boot, React, Node.js, Express

**Databases:** MySQL, PostgreSQL, MongoDB

**Tools:** Git, Docker, Postman, IntelliJ, VS Code

## PROJECTS

### Airport API | Java, Spring Boot, MySQL, Docker | 2025 | Link: [Project](#)

- Built a RESTful API to manage flight and airport data with CRUD endpoints, enabling structured access to database records
- Automated database creation and startup data seeding to reduce manual setup and ensure consistent dev/test environments
- Tested endpoints using Postman and containerized the service with Docker to support reliable local deployment

### Farewell Finder | JavaScript, React, CSS | 2025 | Link: [Project](#)

- Developed a responsive UI to browse and filter flight data, improving navigation through large datasets
- Implemented authentication logic to restrict protected views and support secure user access
- Integrated frontend with backend endpoints to fetch and display dynamic data in real time

**Tech Stack:** JavaScript, React, CSS

## EXPERIENCE

### Sobeys

Meat Cutter

**Sept 2021 – Present**

Mount Pearl, NL

- Support daily department operations by preparing products efficiently while maintaining food safety and quality standards
  - Assist with ordering and inventory tracking to maintain stock levels and reduce waste during high-demand periods
  - Maintain accurate logs and invoices while providing customer service and supporting team workflows
- Provide friendly customer service by answering product questions, recommending cuts, and ensuring a positive shopping experience.
