Noah Whiffen

Noah.Whiffen@keyin.com | 1 (709) 766-2195 | Mount Pearl, NL

Portfolio: noahwhiffen.dev   LinkedIn: noahwhiffen.com

PROJECTS

Airport API
- Built a RESTful API to manage flight and airport data
- Automated database creation and data seeding on startup
- Tested and validated endpoints using Postman
- Containerized the application with Docker
- Used Spring Boot with MySQL for backend development

Tech Stack: Java, Spring Boot, MySQL, Docker

Farewell Finder
- Developed a React frontend for an airport flight API
- Implemented user authentication and protected views
- Added search and filtering for flight data
- Integrated frontend with backend API endpoints

Tech Stack: JavaScript, React, CSS
